The area treated with **Radcon Formula #7** was the (*Insert area details*) which is approximately (*Insert quantity*) sq. metres. The Approved Applicator was (*Insert applicator name*).

Based on the above specification and the quotation including detailed specifications Radcrete Pacific Pty Ltd hereby gives a guarantee for a period of one hundred (100) years for the product's performance in preventing water penetration in the **Radcon #7** treated concrete under the following conditions:

- 1) The guarantee is voided if working cracks are present or develop by what would be considered structural fault, or mechanical damage.
- 2) Should a leak occur in the **Radcon #7** treated area, and should subsequent remedial action by our approved applicators, using re-treatment with **Radcon Formula #7** or elements of the Radcrete System, fail to rectify the problem within a 12 month period of notification, then Radcrete Pacific Pty. Ltd. undertakes to make good the repair at our own cost utilising any mutually agreed alternative waterproofing methodology.
- 3) The guarantee is issued on the basis that the sealing integrity of the treatment has been verified by the Approved Applicator in the presence of the client or his nominee.
- 4) The guarantee is issued on the understanding that the Approved Applicator has performed the **Radcon #7** sealing treatment in strict adherence to the Radcrete Sealing System approaches as outlined on our Radcon Data Sheet.
- 5) This guarantee becomes valid when all monies outstanding have been met to the applicator and product supplier.
